

Region 4 and 5, February 15th

On February 15th the Engineering Team, together with Mr. Lionel Wordsworth of the Ministry of Agriculture visited Region 4 and Region 5. The site visit was done by airplane.

Guyana

Region 5

East Demerara Water Conservancy

Proposed projects:

1. Rehabilitation of the EDWC Embankment at low sections and cleaning and excavation of relief channels and water ways.
2. Works to the Cunia and Kofi reliefs
3. Other repairs

The following photographs show the Demarara River, the dam of the water conservancy.
